Dear John:

Pursuant to the very interesting discussion in yesterday's Trustee meeting, I call your attention to pages 12 through 18 of my keynote address to the National Urban League Conference, which I think describes the problem of youth unemployment and makes some suggestions about possible solutions to the problem.

This obviously is an area in which I think the Foundation can take some leadership, and I would be happy to discuss Urban League proposals with you and other members of your staff at your convenience.

Warm personal regards -

Sincerely,

Vernon
Vernon E. Jordan, Jr.
