Dear Mr. Cushman:

I have brought your letter of July 30th with me in order that I might reply after having had a chance to meditate on the interesting question you raise. I cannot offer much encouragement, since our plans are made for the balance of this calendar year. But should you be planning anyhow to be in New York sometime in the Fall, I shall be glad to discuss your ideas further.

Sincerely yours,

JOSEPH H. WILLITS

Professor Robert E. Cushman
