SUBJECT:

Good!
Go ahead.
RMA

I am very much inclined to ask Robert Cushman (who is completing a study of the civil liberties in wartime under a RF grant) whether he would be interested in a study of the problems presented by the conflicting need of security and freedom as represented in the current wave of loyalty tests, etc.

I append his letter commenting on Hutchins's proposal. I am unwilling to recommend the grant to Hutchins, but I have high confidence in Cushman's balanced judgment.

JHW.
