Dear Joe Willits,

Thanks for your letter of December 29th. I suspected that the Foundation had developed the policy you describe, but since Dr. Chaney asked me to write you, I felt it was the thing to do. It looks as though we are going to win our case anyway. If not, we shall just have to get along.

Just now we are getting records that I believe will be invaluable. Tensions have been developing in the camps for months, and now the almost inevitable outbreaks are occurring. The same pattern seems to be repeating itself in most of the centers, and we are indeed fortunate in having obtained a record of the beginnings. It is difficult to know what the next stage of this unhappy process will be, but whatever it is, our intelligent and courageous observers will get the record. They are doing a remarkably fine piece of work for us.

With cordial regards,
Sincerely yours,

Dr. Dorothy S. Thomas
