1538.

This is a delightful letter to be reading on Christmas Eve for it goes to carry my thanks to you and the International Health Bureau for the gift which has just been voted us by the Foundation.

can so  
right ones : we thank you for your faith in the future of the world. In this hour we have begun to see this future more clearly and we turn that  
interesting work this ahead.

from being truly

Dr Wilbur, G. Augusta
