Dear President Vincent:

Your letter of December 17 has reached me, and I wish to express my appreciation of the kind sentiments which it contains. I consider myself very fortunate to have been connected with the yellow fever work of the Foundation and shall continue my efforts to bring my part of the work to the point of greatest practical utility.

Sincerely yours,

Hideo Noguchi

The Mexican delegates have just left New York and they all expressed their gratitude for the kind attention you were so good as to accord them during their brief visit.

President George E. Vincent
