Dear Ken:

It is my pleasure to acknowledge your recent letter informing me that The Rockefeller Foundation has approved a grant for AIDS prevention and health education projects in Senegal and Uganda. Many heartfelt thanks.

As I reflect upon this effort and the other Columbia activities you are generously supporting, I note with pleasure that nothing we do is more worthwhile than what we do with you. For the Rockefeller Foundation's commitment and the confidence in Columbia that it demonstrates, I am deeply grateful.

With warm regards,

Sincerely,

Mike
