Dear Gregg:

Many thanks for your personal  
congratulations and for your  
thoughtful work on this  
undertaking in Montreal. I hope  
you will not regret your  
decision to back our work.

I do not know how to thank  
a Foundation, but I thank God  
that it exists and I pledge my-  
self to make their generosity  
bear the finest type of fruit  
of which we are capable.

Montreal, Canada

I may serve for little more than  
a layer of fertilizer but the  
gift will all be used as intended.

I hope that, entirely separate  
from your official position, we  
may see very much more of you  
and perhaps also Mrs. Gregg.

Mrs. Peasfield sends her best  
regards.

Sincerely yours

April 10, 1932.      Wilder Peasfield.
