MOSQUITOES

Every Effort is Made to Keep Yazoo City
Free of Mosquitoes.

Guests in this hotel are requested to notify the management if mosquitoes are found to be present.

The management is, in turn, requested to report mosquito nuisances to the Health Department, phone 249, who will examine into all complaints received and take the necessary steps to have such nuisances abated.

It is requested that this notice be conspicuously posted in each guest chamber, bath room and lavatory in your hotel.

W. E. NOBLIN, M. D.,
City and County Health Officer. 1923
